

Accessories

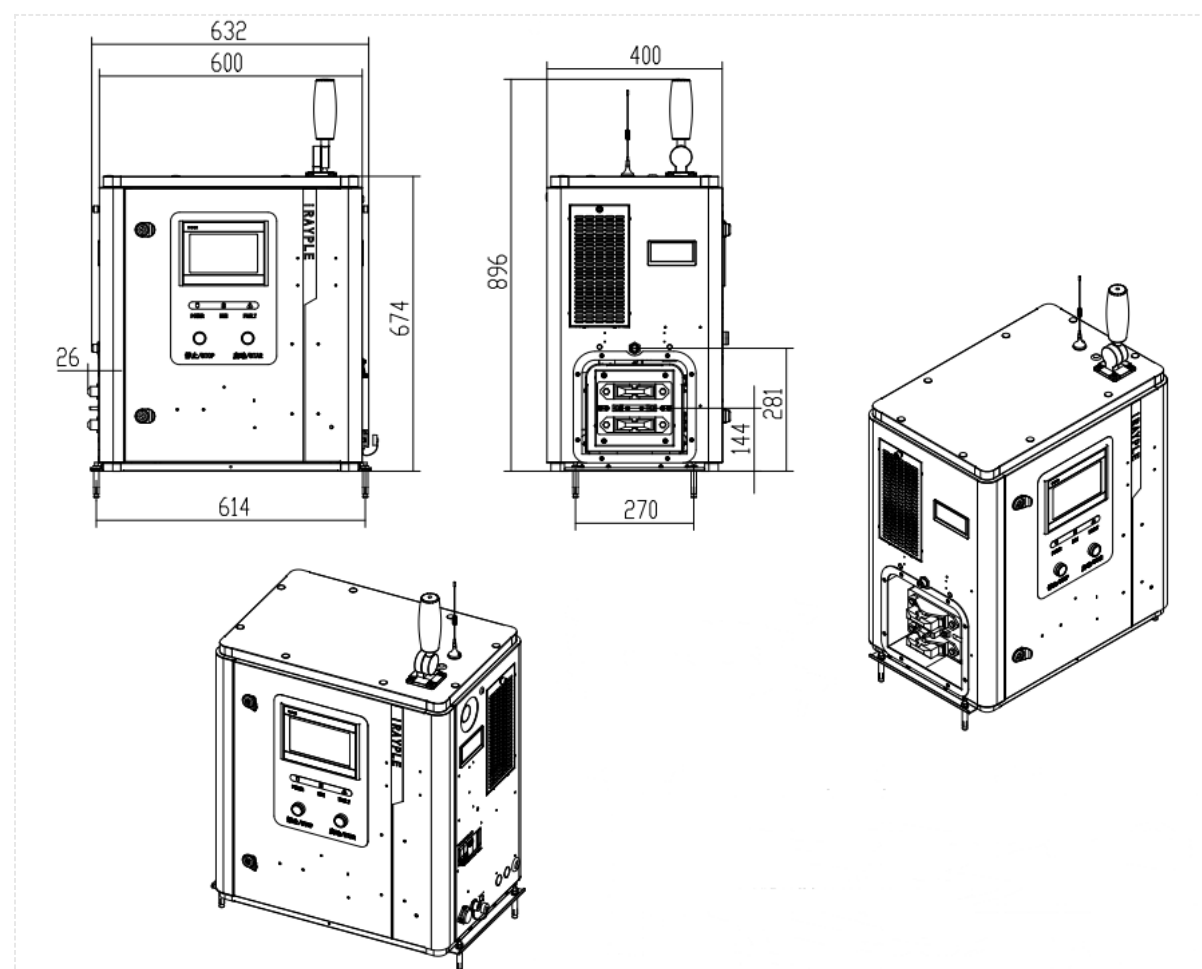

PS03

Features

- Charging station specifications: 48V/60A
- Support dual-band WiFi and LAN for multiple communication options
- LCD screen displays charging status
- Adjustable output voltage and current
- Height adjustable by 90 mm for strong ground adaptability
- Rapid network pairing for enhanced delivery experience
- Charging capacity of over 20,000 times
- Intelligent scheduling and autonomous charging

Dimensions (mm)

 Specification

Model		PS03
Basic	Product Dimensions	632 mm× 400 mm× 896 mm
	Input Voltage	220 VAC
	Output Voltage	48 VDC
	Output Current	60 A
	Net Weight	64 kg
	Charging Mode	Auto/Manual
Operating Environment	Operating Temperature	0°C to 40°C
	Operating Humidity	5% ~ 90% without condensation
